6.3 million patient encounters a year

\$8.95 billion annual impact on Ohio's economy

We are...

- a proven destination for high-quality, affordable healthcare across Ohio and in western Kentucky. We are transforming to better serve our patients and communities through enhanced primary care and improved health outcomes. We combine our historic dedication to our local communities with the advantages of a \$6.3 billion system.
- the largest health system and the fourth-largest employer in Ohio. Throughout our ministry, we operate nearly 500 places where patients can receive care.
- a contributor to the communities we serve. In 2016, we invested \$347 million in community benefit, 7.8% of total operating expenses.
- a strong financial company, with \$6.3 billion in assets.
